About Me

A skilled and adaptable developer proficient in React.js, JavaScript, and Next.js, with a strong foundation in web design and API integration. Experienced in building CRM and LMS systems, automating processes, and managing content with Strapi CMS API. Possesses a track record of delivering high-quality solutions that blend technical excellence with user-centric design. Passionate about leveraging technology to solve real-world problems and drive business success. Expertise includes React.js for building software and websites, ensuring dynamic and engaging user experiences.

Experience

Asmita Patel
Frontend Developer
2022 - Present

As a dedicated frontend developer. I specialize in crafting custom CRM and LMS solutions, along with developing Rytt software. My responsibilities extend to designing websites, including the management of the company's own website and creating sites using Wix. Proficient in lead management from Google and meta platforms, I excel in automating lead processes and executing broadcast email and WhatsApp messaging campaigns. My commitment to driving results through innovative solutions and user-centric design is evident in every project I undertake.

Adaan
Web Designer
Feb 2022 - Jul 2022

I served as a Web Designer and UI/UX Developer, leveraging Wix website building tools and Velo code to create custom-designed interfaces. My responsibilities encompassed crafting engaging UI/UX designs and implementing them to enhance user experiences. With a keen eye for detail and a passion for innovative design solutions, I consistently delivered visually stunning websites that met and exceeded client expectations.

Web Student
Web Developer
Jun 2021 - Feb 2022

I was deeply involved in PHP, React.js, Next.js, and MySQL technologies, utilizing them to develop dynamic websites tailored to client needs. I engaged closely with clients throughout the process, from conceptualization to delivery, ensuring their requirements were met. Specializing in custom UI/UX design, I crafted responsive websites using Material UI, React.js, HTML, CSS, and JavaScript. My portfolio includes multiple successfully delivered projects, each reflecting a commitment to excellence in both functionality and design.

Education

North Maharashtra University
Jalgaon , Maharashtra
2019 - 2021

I pursued a Bachelor of Science in Computer Science, where I gained comprehensive knowledge in web development and software engineering. The curriculum involved hands-on projects that honed my skills in building various applications, providing me with a strong foundation in both theoretical concepts and practical implementation

I Know

React Js	HTML	Adobe XD	Postman
JavaScript	CSS	Bootstrap	Zapier
Next Js	Matarial UI	JQuery	Make
